Dear Ms. Dunne:

On June 18, 1997 you were notified that a review of the above-referenced report(s) raised questions as to specific contributions and/or expenditures, and the reporting of certain information required by the Federal Election Campaign Act.

Your July 3, 1997 response is incomplete because you have not provided all the requested information. For this response to be considered adequate, the following information is still required.

-Conduits for earmarked contributions which have not been deposited in the committee's account must report these contributions as memo entries for Schedules A and B. Please refer to the attached portions of the Federal Election Commission Campaign Guide for further guidance on the reporting of earmarked contributions. You need to file SEPARATE Schedules A and B with "memo entry" notations. Additionally, Schedule(s) A should disclose the date of receipt for each contribution and Schedule(s) B should disclose the date each contribution was forwarded to the recipient committee. Furthermore, you need to include the occupation and employer for each individual making an earmarked contribution exceeding \$200. Please amend your report accordingly.
